Research with reach.

UCLA Health

WE WANT TO HEAR FROM YOU

Your opinions will help us find new ways to involve people in research studies to improve health.

You can take part if you have been told you have memory issues (like dementia, Alzheimer's disease, memory loss or mild cognitive impairment) or provide care for someone with memory issues.

Groups will meet one time for 1.5 hours

Come share what you think in a small discussion group in your neighborhood.

For more information, contact Ariadna Martinez at (310)206-0468 or adrceaston@mednet.ucla.edu

We will not collect any information regarding your immigration status.
