

# Dementia Research, Education, and Advancement in Los Angeles (DREAM-LA)

Join our study to advance the future of brain health research

## What is this study about?

The goal of this study is to help researchers learn more about conditions that affect memory as we age.

## What will happen if I choose to participate?

If you are found to be eligible, we will ask you to complete as many parts as you want over 1 to 3 days. Studies are done at a UCLA medical center, and some can be done at home:

- Medical exam
- Survey about social factors
- Genetic counseling
- Cognitive test
- Brain MRI (an image of the brain)
- Blood draw
- 2-hour brain wave study

## Is this study right for me?

You may be eligible to participate if you:

- Are 50 years or older AND
- Were diagnosed with:
  - Mild Cognitive Impairment
  - Alzheimer's Disease
  - Another form of dementia, OR
  - You have no memory problems
- Identify yourself as Hispanic/Latino(x), Black/African American, or Asian American, Native Hawaiian or Pacific Islander

## Interested in participating?

Please contact our study coordinator:  
Sydney Kilgore  
Phone: 310-825-3198  
Email: [skilgore@mednet.ucla.edu](mailto:skilgore@mednet.ucla.edu)

## Will I be paid?

All participants will receive \$100-200, depending on the number of parts they complete. The study will cover the cost of parking, meals for long visits, and transportation if needed.
